MHC Laboratories Introduction

The staff of the Munson Healthcare Laboratories thanks you for the opportunity to assist you in caring for your patients. Our laboratories have evolved to incorporate highly sophisticated instrumentation and technology and are blessed with dedicated, service-oriented employees. Our daily commitment is to provide you, your staff, and especially, your patients with the highest quality laboratory service and to enhance that service by working with you to meet your individual requirements.

Our laboratories provide testing for inpatients, outpatients, emergency department, physician's offices and clinics. We serve as a reference laboratory for regional hospitals and specialty clinics. Testing that is not provided within Munson Healthcare Laboratories is sent to our laboratory partner, Mayo Medical Laboratories. Our laboratories are connected electronically with all results residing in one electronic medical record, Powerchart. Munson Healthcare Laboratories are staffed by Board certified pathologists, pathologist assistants, medical laboratory scientists, histotechnicians, cytotechnologists, client service representatives, laboratory assistants, phlebotomists, and couriers.

Our system includes laboratories located in the following hospitals:
- Munson Medical Center, Traverse City, MI
- Munson Healthcare Cadillac Hospital, Cadillac, MI
- Munson Healthcare Grayling Hospital, Grayling, MI
- Munson Healthcare Manistee Hospital, Manistee, MI
- Kalkaska Memorial Hospital, Kalkaska, MI
- Paul Oliver Memorial Hospital, Frankfort, MI
- Charlevoix Hospital, Charlevoix, MI
- Otsego Memorial Hospital, Gaylord, MI
- Mayo Medical Laboratories, Rochester, MN

Each of our laboratories is accredited by the College of American Pathologists(CAP) and/or Joint Commission on the Accreditation of Healthcare Organizations(JCAHO).
